

JUGAAD Robotics Club - Internal Member Knowledge Base & Operations Manual

1. INTERNAL LOGISTICS & LAB OPERATIONS

- Lab Access & Location: UIET Robotics Lab 204, Second Floor, Block 2.
- Access Hours: Authorized core members have 24/7 RFID keycard access. General members have access 9:00 AM - 8:00 PM on weekdays.
- Equipment Checkout Protocol: All oscilloscopes, soldering stations, Jetson Nano modules, and 3D printers must be logged in the lab inventory register prior to use. High-value sensors require approval from the Hardware Lead.

2. FINANCIAL & BUDGET ALLOCATIONS (FY 2024-2025)

- Total Annual Allocated Budget: INR 4,50,000 (~\$5,400 USD).
- Category Breakdown:
 - * Component Procurement & PCB Fabrication: INR 2,00,000
 - * Travel Grants (Cognizance IIT Roorkee & National Finals): INR 1,20,000
 - * Workshop Hardware Kits (Linux Unleashed & Arduino Kits): INR 80,000
 - * Emergency Maintenance & Tool Upgrades: INR 50,000
- Reimbursement Process: Submit original GST tax invoices to the Treasurer (Priya Sharma) within 14 days of purchase.

3. EXECUTIVE BOARD & TEAM DIRECTORY

- President: Rahul Verma (Contact: +91-9876543210, rahul.president@jugaadrobotics.org)
- Technical Lead / Software Head: Ananya Gupta (Contact: +91-9876543211, ananya.tech@jugaadrobotics.org)
- Hardware & Systems Lead: Vikram Singh (Contact: +91-9876543212, vikram.hardware@jugaadrobotics.org)
- Treasurer & Operations: Priya Sharma (Contact: +91-9876543213, priya.finance@jugaadrobotics.org)
- Weekly Core Team Standups: Wednesdays at 6:00 PM in Lab 204.

4. INTERNAL REPOSITORIES & API CREDENTIALS

- GitHub Organization: github.com/jugaad-robotics-internal
- Microcontroller Flashing & Codebase Guidelines: MicroMouse maze-solving algorithm (FloodFill v3) is maintained in repo nano-navigator-firmware.
- Testing Credentials & Wi-Fi: Lab Internal Wi-Fi SSID: JUGAAD_LAB_5G (Password: Jugaad@Robo2025!).

5. MEMBER EVALUATION & GRADING RUBRIC

- Internal Hackathons & Competition Selection Criteria:
 - * Hardware Rigidity & Soldering Quality: 30%
 - * Software Algorithm Efficiency & Real-Time Performance: 40%
 - * Documentation & Git Commit Hygiene: 20%
 - * Peer Collaboration & Lab Conduct: 10%
- Members scoring above 85% receive full travel grant sponsorships for outstation tech fests.
